Comments: We now have gotten varsity experience for almost everyone on the team thanks to the mature team first attitude of the upperclassmen. After playing up a level against Warren these matches against the Owls presented their own challenges. Adjusting to the slices was a bit difficult. The singles players figured it out and kept the errors down to give us the match. Dominic and Liam picking up their first singles wins is another memorable accomplishment tonight. At first doubles the Aiellos had trouble keeping it away from the opponents aggressive net play and gave up a late break to let the match slip away. Matt and Zach got to see the pressure of playing a "real" match and understand how that is different from practice

tennis. Both played well but lost to a more experienced duo. Freshman Anderson and Krug's win against first year players from Bradford shows them that the hard work and commitment they are putting in is starting to pay off. There are a lot of strong teams left on the back half of the schedule so the commitment to improve in practice and in matches like this will allow us to continue to be competitive.
